

Porci's Ocean Patrol Activity Sheet

Fill in the blanks to discover 10 water saving tips. There is a word bank below to help you. Remember that only 1% of all water or 1 in every 100 drops of water is available for us to drink and use at home. We have to share this water with all the other humans, plants, and animals on Planet Earth!

1. Remember to _____ the tap while brushing your teeth.
2. Challenge yourself to take _____ showers.
3. Place a _____ in your sink or shower to catch the water while it warms up and give your _____ a drink.
4. Make sure the dishwasher is _____ before turning it on.
5. A _____ tap can fill up to 3 buckets a day. Make sure you check your taps for leaks.
6. Put a rainwater _____ in your garden to help store some water.
7. Try planting native drought tolerant plants in your garden, these don't need as much _____.
8. Choose _____ appliances at home like washing machines and dishwashers.
9. Use a _____ and sponge to wash your car or bike instead of using the hose.
10. Wash your _____ outdoors in an area of your garden that needs water.
